

Policy

Local Party of Canada

Version reviewed in 2021

1. Preamble

The terms are written in the masculine only for brevity and are used either in the feminine or in the masculine, to designate the persons concerned.

2. Objective

The policies of the Local Party of Canada are aimed to improve the life quality of Canadians.

3. Quality of life

The Local Party of Canada will support a strong state during the pandemic and post-pandemic, with strong infrastructure programs and measures for economic recovery.

At the Local Party of Canada, we believe that Canadians can be more productive and healthier with the four-day workweek with no lost wages.

The Local Party of Canada wants an inclusive society. Access to a stable source of income decreases poverty, expand the middle class, reduces stigma, encourages employment, enables better mental health, reduces public health costs and gives the right to live with dignity. To do this, a Local Party government will set up the **Universal Basic Income** which guarantees a minimum income of \$ 2k (two thousand \$) per month for the citizen (\$ 3k (three thousand \$) per month for a couple, with \$ 1.5k (one thousand five hundred \$) per month for each additional adult in the family).

The Local Party of Canada takes the health of its citizens to heart and to do so will grant three weeks of sick leave to employees of institutions that fall under its jurisdiction. The provinces and territories will be invited to collaborate in this historic advance in the quality of life for our citizens.

The Local Party of Canada government will promote access to affordable child care for all Canadian children. The provinces and territories will be invited to collaborate in this historic advance in the quality of life for our children and our families.

The Canadian Local Party of Canada government will provide water filtration plants and wastewater treatment plants to the First Nations.

The Local Party of Canada recognizes the right of Canadians to disconnect. Also, the costs of wireless services and mobile data should be at 50% of costs compared to 2020 the base year. The Local Party of Canada will open access to the telephone markets of global operators in order to increase the purchasing power of citizens and accessibility to wireless and mobile data services.

The Local Party of Canada will set up post-pandemic teleworking on a voluntary basis in institutions under its jurisdiction. This will amount to 10% of the membership per year during the first Local Party of Canada government. We believe that this measure will allow citizens to increase their quality of life, will open up accessibility to jobs beyond the proximity of the workplace, will decrease the fixed costs of workspaces, will put less pressure on the infrastructure of mobility and reduce pollution.

The Canadian government of Local Party of Canada will construct any brand-new building with universal accessibility.

The Local Party will promote inclusion measures for our LGBTQ2+ communities.

4. Combating climate change

Local Party government actions will follow the recommendations of scientists in environment and sustainable development, economy, taxation, culture, anthropology and social.

The Canadian Local Party government will protect natural living environments, including our rivers and groundwaters. The Local Party of Canada will provide water filtration plants and wastewater treatment plants to municipalities without infrastructure. The provinces and territories concerned will be invited to collaborate.

The Canadian Local Party government will protect water bodies by now banning deforestation within a 1 km radius. Bodies of water used as a source of drinking water for human habitats will have a protection radius of 2 km. An ambitious reforestation program for lands close to water bodies will be implemented in our first term. The provinces and territories concerned will be invited to collaborate.

The Canadian Local Party government will construct net zero any new government building.

The Local Party government of Canada will integrate climate resilience into building codes and laws.

The Local Party of Canada government will transition from fossil fuel use to renewable energy. The government land mobility fleet will no longer use fossil fuels in its second term in office.

The Local Party of Canada government will end the sale of fossil fuel land vehicles in 2030. The Local Party of Canada government will end in 2040 all use of land vehicles running on fossil fuels.

The Local Party of Canada government will protect the fragile Arctic environment. To do this, the commercial vessels that use our icy trade routes will have to be escorted by our built in Canada icebreakers to the highest standards. Special attention will be paid to coastal areas due to erosion.

The Local Party government of Canada will ban exports of garbage's and pollution to other countries and legislate with dissuasive penalties.

5. Culture

The Local Party of Canada will renew its support for cultural programs, the Radio-Canada and CBC Institution, our journalists and our artists.

6. Governance

The Local Party of Canada believes in a strong, competent federal government that is a world leader in its practices.

At the Local Party of Canada, we believe that the efforts of our taxpayers must be recognized and reflected in the remuneration of elected officials. To do this, a Local Party government will cap the salaries of elected officials at the multiple of the minimum wage in Canada as follows; Prime Minister 13, Ministers 11 and Members of Parliament 7. No person paid by the Government of Canada will be to earn a salary higher than the Prime Minister. No increase in the remuneration of elected officials will be made in years of deficit.

The Governor General's Act will be reviewed so that the overall compensation of the Governor General and the costs of the institution are in line with the expectations of Canadians.

The Local Party of Canada believes in public funding for political parties and donations should be capped at \$ 700.

The government of the Local Party of Canada will reimburse more to political parties that have elected a number of women corresponding to the parity zone in order to promote the participation of women in politics.

The role of Local Party of Canada government will be to improve the quality of life of citizens, to fight climate change, to protect their lives and assets, to be equitable, to ensure the security of citizens and countries, of develop the national economy and support other levels of government.

The Local Party of Canada recognizes the richness of our bilingualism and the fragility of our second official language. In order to preserve and strengthen it, Acadians and Francophones outside Quebec will have the same rights and the same services in their language as those enjoyed by the first official language community.

The deputies of the Local Party of Canada will have the mandate to produce a project of society in their county and a project of source of income for the nation. The revenues will be used to reduce the tax burden on our citizens, increase their purchasing power and improve their quality of life.

The Local Party of Canada respects the financial burden of taxpayers and believes in the accountability of public servants who are in position to decide the spending of financial and material resources.

7. Human habitats

The Local Party of Canada is aware of the concentration of its population in urban areas and the difficulties of municipalities in responding to infrastructure, economic and social challenges. To do this, the Local Party Government of Canada will create the Ministry of Municipalities in support of urban areas.

The Local Party of Canada will develop urban agriculture according to the Montreal model with the objective of locally providing half of a middle-class family's food basket at the end of its second term in government. Proximity to the consumer market will have a positive impact in the fight against climate change and in food security.

The Local Party of Canada is aware of the pressure and challenges posed by climate change. To do this, government scientists will update the habitat standards. Given the life cycle of materials and their impact on the climate, any new building will have a roof at the angle of the slope, unless building a living space

such as a park, terrace, greenhouse or a market garden. The building code will be updated for the construction of buildings in flood zones.

The Local Party of Canada wants to do more for those in need of social or affordable housing. To do this, any new residential project will need to give the local level of government the option of purchasing to acquire at the cost of a building permit, or to delegate the acquisition of each tenth housing unit to its Para governmental organizations. The purchasing option must be exercised within a reasonable time. These housing units will be social and affordable housing, our citizens and families will buy them at the cost of building permits and their construction will be tax free. Our municipalities, provinces and territories will be invited to collaborate.

8. Justice

The Local Party of Canada believes that the Justice should be independent.

The Local Party of Canada believes in gender equality and does not intend to impose hardship measures on Canadian women over abortion rights. The Local Party of Canada government is pro-choice and will ensure that Canadian women have clinical services throughout its territory.

The Local Party of Canada believes in the future of the country. Our children have the right to a living environment free of aggression. The Local Party of Canada will make dissuasive the penalties for crimes against children.

The Local Party of Canada believes that digital crime has no place in our society. The Local Party of Canada will set up a digital culture through education and advertising, a single call number to denounce incidents and provide service to citizens, an institution with teams of expertise, traceability technologies, state-of-the-art protection and artificial intelligence, the update of the federal cybersecurity law which will be followed by deterrent measures against cybercrime.

The Local Party of Canada recognizes the contribution of animals to our quality of life and the state's responsibility to ensure the legal framework for animal welfare. The Local Party of Canada will implement the Canadian Charter of Animal Rights with the aim of the welfare of all species, standardizing basic standards of care and the legal framework for their protection. The Local Party of Canada will make the penalties for animal abuse dissuasive.

9. Firearms

The Local Party of Canada government recognizes the freedom of Canadians to practice on shooting ranges, to hunt with firearms and to defend themselves from wild animals in rural and remote areas.

The Local Party of Canada will spare no effort to protect the lives of citizens. Levels of governments in Canada spend gigantic resources maintaining security by various law enforcement agencies and we believe in their competence to reassure Canadians in their areas of jurisdiction.

The Local Party of Canada believes that citizens do not have to risk their lives because of the irresponsible use of firearms. Ownership of firearms is a privilege. The holders of firearms licenses must have a clean

criminal record and a psychological profile responsible for respecting the safety measures of their weapons.

To do this, in urban areas excluding firearms with hunting permits and controlled areas, no firearm owner may hold ammunition. This ammunition can be acquired and used only in controlled areas, such as authorized shooting ranges that control security measures.

The Local Party of Canada government will put in place measures to counter the illegal arms trade at our borders and disincentives for those who participate.

10. Electoral system

The Local Party of Canada will change the first past the post elections. The second term of Local Party will have a multi-member proportional representation election where the number of seats to be filled is shared according to the number of votes collected.

11. First Nations

The Local Party of Canada will consult our First Nations on the abolition of the Indian Act and the adoption of the United Nations Declaration on the Rights of Indigenous Peoples. We expect these changes to take the duration of the two terms in government.

12. Financial policies

12.1. Labor taxation

The Local Party of Canada will simplify the reporting of citizen spending deductions for telecommuting. We trust our citizens and therefore a sworn statement on the tax return will suffice. Thus, the citizen will no longer have the burden of submitting the employer's declaration.

At the Local Party of Canada, we believe that the quality of life must be accompanied by means in the pockets of the citizens. To do this, the Local Party of Canada will now only impose regular time. There will be no more tax on overtime.

At the Local Party of Canada, we believe that our retirees have contributed enough to public finances during their working life. Retirees with an annual income of less than \$ 50k (\$ fifty thousand) per year will be able to work up to 21 hours per week tax free.

At the Local Party of Canada, we believe that our veterans and first responders (firefighters, paramedics, police, paramedics, nurses and doctors) should be recognized and honored for their sacrifices. Their first income bracket of \$ 21k (\$ twenty-one thousand) per year will be tax free for life. This measure is carried out to citizens with a next of kin tie by alliance with our soldiers who died in combat, on mission or in operation. Finally, this measure is carried out to citizens with a next of kin tie by marriage with our first responders who died in the performance of their duties.

The first income bracket of \$ 21k (\$ twenty-one thousand) per year will be tax-free also for Alpha Class reservists over their length of service.

At the Local Party of Canada, we believe in the value of health and education services in building a strong and proud society. The Local Party of Canada government recognizes the efforts of our nurses, caregivers, support staff, teachers and educators. The first income bracket of \$ 21k (\$ twenty-one thousand) per year for nurses, caregivers, support staff, teachers and educators will be tax-free for life.

In addition to these trade groups, there is also the first tax-free income bracket of \$ 21k (\$ twenty-one thousand) per year for female engineers and software engineers-designers over their period of professional practice.

At the Local Party of Canada, we believe that the contribution of culture to society must be recognized and our artisans must have the means to continue their great contribution to our quality of life. To do this, our cultural artisans, such as our writers, our screenwriters, our performers, our composers, our support staff, our ballerinas, our instrument makers, our culture journalists will receive their first installment of culture income of \$ 21k (\$ twenty-one thousand) per year tax free. News reporters will receive the same treatment.

The Local Party of Canada recognizes the talent and effort of coaches in bringing our athletes to the podium. So, for any athlete who earns their place on the podium in a world competition, their coach will have the first \$ 21k (\$ twenty-one thousand) of income per year that will be tax free for life.

At the Local Party of Canada, we recognize the extraordinary contribution to maintaining our quality of life by our blue-collar workers. To accomplish this, our blue-collar workers will have their first income bracket of \$ 21k (\$ twenty-one thousand) per year tax free.

In the first mandate of government of the Local Party of Canada, the royalties paid to performers for cultural products by internet providers and cultural broadcasting companies must be a minimum of 15 ¢ per 1000 plays. In each subsequent year during the next ten years, this minimum royalty will be increased by 5%. The printed media will have their cultural products free of taxes.

At the Local Party of Canada, we recognize the contribution of unions to maintaining the purchasing power of our middle class, maintaining national know-how and production capacities. To do this, the first income bracket of \$ 5k (five thousand dollars) per year will be tax-free for union members.

12.2. Media taxation

Large GAFA media corporations will be taxed fairly compared to national media.

Online advertising will be taxed.

12.3. Tax evasion and tax havens

The Local Party of Canada wants an inclusive Canada. In the first term of Local Party of Canada, we will put in place measures to increase the confidence of our citizens and our economic actors in the economy and finances of Canada.

12.4. Retirement funds

The Local Party of Canada wants our retirees to be able to count on their retirement funds and reap the rewards of their lifetimes. To do this, during bankruptcies and business closures in Canada, the funding of retirement funds will be the priority. The Local Party of Canada in its first term will promote a law that will protect employee pension funds in difficult economic situations.

12.5. Innovation

The Local Party of Canada believes in the quality of life of Canadians strongly supported by a sustained level of innovation. To do this, the Local Party of Canada government will have 10% of its state budget dedicated to basic and applied research.

12.6. Tax relief

The Local Party of Canada cares about the health of its citizens. To do this, basic dental care not covered by another level of government or by a private insurance plan will be reimbursed by the Local Party of Canada government.

At the Local Party of Canada, we believe that the quality of life of citizens is accompanied by good lifestyle habits. To do this, a Local Party of Canada government will credit 50% of the costs of citizen sports activities up to a cap of \$ 700 per fiscal year. This limit becomes \$ 1,400 per fiscal year for citizens 40 years old and over.

Canada child allowances and parental benefits will be renewed. The middle class will not be taxed more. Income splitting will be continued. Financial assistance for post-secondary education, tax credits for our early childhood educators, our teachers and the veteran's education allowance will be renewed. The tax deductions for remote regions and northern territories will be renewed.

The Local Party of Canada recognizes the difficulties of citizens in acquiring housing and to do so there will be no limit to using their own RRSPs or repaying these assets.

The Local Party of Canada recognizes the need for access to housing for our families. Thus, our families with dependent children will have the mortgage rate equal to the Bank of Canada's key rate for the first ten years of access to their first property for the first \$ 500k (\$ five hundred thousand) of the value of their property.

12.7. Transfers and equalization

The Local Party of Canada government is open to transfers of revenue collection between levels of government. This will be in the respect of skills, human and material resources, and assigned and implicit responsibilities.

The Local Party of Canada government believes in fair treatment of provinces and territories when calculating equalization. To do this, the revenues of Hydro-Québec Distribution in Quebec, which does not produce electricity, will be excluded from equalization in the same way as the profits of Hydro One revenue from natural resources in Ontario and which does not produce electricity.

12.8. Debt refund

The Local Party will pay at least 10% of the budget surpluses in debt service.

13. Mobility

The Local Party of Canada will develop green energized rail-based mobility networks in collaboration with our municipalities and provinces. We believe in the positive impact of this measure on climate change.

The Local Party of Canada government will put in place the winning conditions to ensure the sustainability of the air transport service for people in the regions.

The Local Party of Canada government will set up airport infrastructure to accommodate civilian flights at military airports. The citizens of the regions will be able to count on the infrastructures of our military aviators.

The Local Party of Canada government will build active transport routes (e.g. cycle paths) in the territories of its jurisdiction and will collaborate with other levels of government to increase the quality of life for citizens.

The Local Party of Canada will renew financial assistance for the purchase of a reasonably sized vehicle running on renewable energy. The first 15 million renewable energy vehicles assembled on Canadian soil with a minimum of 50% Canadian content and destined for the Canadian market will be tax free. Financial assistance with the purchase of luxury and large-size vehicles powered by renewable energies will be conditional on a minimum Canadian content of 60% or their assembly on Canadian soil.

The Local Party of Canada government will enact the zero-emission law, which will require every car manufacturer to sell a minimum of zero emission cars based on the number of fossil fuel cars sold.

The Local Party of Canada will build a world-class Arctic port. Top-class icebreakers will be built to support the operations of the icy trade routes in the Arctic. To do this, Chantier Davie will be listed as the 3rd official partner in the National Shipbuilding Strategy.

14. Food and medical chain

The Local Party of Canada will protect the life of natural environments, including pollinators.

The Local Party of Canada is aware that the global food chain can be disrupted by natural and man-made disasters. The food security of Canadians is a priority for the Local Party of Canada government. The Local Party of Canada will demand that a minimum of 50% of a middle-class Canadian family's food basket be produced in Canada. When food ingredients can be produced in Canada, food industries will have to process at least 25% of sales in Canada. This capacity needs to be ramped up to saturation if the global supply chain is disrupted.

The Local Party of Canada will protect our agricultural producers and supply management.

The Local Party of Canada will conduct a review of national slaughtering capacities in order to support our farmers in enhancing their farms and providing food to citizens. In the same exercise, our government will see their compliance with the standards of Canada's free trade markets agreements and finally, their resilience under binding operating conditions.

The Local Party of Canada is aware that the global medical chain can be disrupted by natural and man-made disasters. The medical safety of Canadians is a priority for Local Party government. The Local Party will demand that a minimum of 50% of national medical resources to be produced in Canada. This capacity needs to be ramped up to saturation if the global supply chain is disrupted.

15. Vices, drugs and sex workers

The Local Party of Canada will renew the gains of the marijuana markets and gradually legalize all drugs with a vision of prevention.

The Local Party of Canada does not want to leave behind any citizen and wants to make it an inclusive society. To do so, the Local Party of Canada will revise sex worker laws with the aim of preventing exploitation of others, human trafficking, stigma and social exclusion. These laws will be made according to the best practices on the planet and will follow the recommendations of our scientists in public safety, public health, social acceptability and taxation. Sex work will be recognized as a profession. The application of the law will be made by regulation and proposed on a voluntary basis at the level of government of proximity with the citizens.

16. Foreign affairs

The Local Party of Canada government will be the ambassador of the values of Canadians. However, the Local Party government of Canada will no longer give lessons to a third country.

The Local Party of Canada government is aware of the nation's limited resources and therefore will take a neutral stance on issues of global confrontation.

The Local Party of Canada government will prioritize good neighborly relations and collaboration with the nations that share the Arctic with us.

The Local Party of Canada understands that Canadians need to be supported in their mobility overseas in countries whose values are different from ours. To do this, the Local Party government of Canada will open channels of communication through diplomatic missions in Iran and Syria.

The economic missions of embassies will have the mission of increasing trade with host countries by 1% per year and signing free trade agreements.

The Local Party of Canada believes that aid to foreign countries needs to be transparent and that our citizens see the money flow transparently. From now on, the Local Party government of Canada will conduct public fundraising campaigns with Canadians and will renew aid to foreign countries on par with funding from Canadians.

17. Immigration

The Local Party of Canada will give priority to welcoming refugees to orphans, single parent women with children and childless from areas of global conflict. No deportation of refugees will be made to countries in conflict where the lives of applicants could be in danger.

The Local Party of Canada shares the values of citizens' families and to achieve this, a Local Party of Canada government will decrease the wait times for family reunification files. All family reunification files filed before election day for a majority Local Party of Canada government must be finalized no later than our mid-term.

The Local Party of Canada will abolish the safe third country agreement with the United States so that the entire border is considered a border crossing.

The Local Party of Canada recognizes welcoming international students as a stepping stone towards a work permit in Canada and permanent residence.

The Local Party of Canada recognizes the dedicated work of foreign citizens in our senior housing facilities during the Covid-19 pandemic. A government of the Local Party of Canada will thank them and those who request it will provide them with the documents of Canadian residency.

Our aspirants for Canadian citizenship in a recognized French-speaking province must have sufficient knowledge of French.

The Local Party of Canada believes in the need for the Government of Canada to be able to conduct timely safety and reliability analysis of applicants for Canadian citizenship. The Local Party of Canada believes that a simpler and less expensive procedure for applicants for Canadian citizenship and the state will benefit users. To do this, the Local Party government of Canada will only issue five-year work permits to new citizenship applicants. Priority will be given to applicants who work together to fill the labor shortage and to regional developments based on feedback from other levels of government. This will be followed by permanent residence for three years and finally by citizenship of Canada. Applicants who have studied and graduated in Canada will have their length of study recognized in the first five-year work permit level. Applicants who have worked in Canada will have their working time in Canada recognized in the first five-year work permit tier.

18. National Defense

The Local Party of Canada will maintain the mission of National Defense according to the expectations of Canadians and government. The priority of the combat elements of the Canadian Armed Forces will be the defense of sovereign territory and the defense and security of North America as a whole.

The Local Party of Canada understands the expectations of Canadians: Canada is and will remain a country of peace. To do this, we are going to create a new element of the Canadian Armed Forces, an element that will militate for the defense of peace. Its ultimate mandate will be to defend life.

Our element of peace will be able to combat floods, fires, natural disasters and epidemics. The last few years have come to bear witness in this direction.

In the second term of Local Party of Canada, our element of peace will be enhanced by the addition of a new corps which will have an expeditionary capability.

The Local Party of Canada expects a large shortage of qualified military personnel in medical and nursing sciences.

In order to fill this void, the next government formed by the Local Party will open a military university in medicine and nursing. Foreign graduates residing in Canada will be able to be qualified and employed in their trade by the Canadian Armed Forces. They can be reassured that their achievements abroad will be recognized in Canada.

The Local Party of Canada wants to keep its soldiers alive. In the resources acquired for the Arctic, the Local Party of Canada will use aircraft with pilots equipped with at least twin engines.

The Local Party of Canada believes that the Government of Canada should support our veterans in the same way as our military during training and / or expeditionary deployments.

In this sense, the government of the Local Party of Canada will converge the actions of the Department of Veterans Affairs with the Department of National Defense.

Our Veterans will never fail to have a home, have enough to eat and have the right to the same level of care as serving military personnel.
